Leading towards innovation

www.dharmendrastone.com

We take pleasure in introducing over selves as DHOOT SANGEMERMER (P) LTD. Promoted & incorporated in the year 1989 at Jaipur (Rajasthan) India, as a leading marble & stone traders, manufacturers & exporters to execute all kind of marble slabs, tiles, blocks as well as sandstone & granite duly backed by a team of directors who has family business of marble since five decades. Later the company diversified in to marble & stone carving sector in the year 1993.

At present we are established in Jaipur, Makrana and Kishangarh marble market. With a team of efficient artisans, managerial and quality control staff.

Primary activities

1. Supply of all kind of marble, sandstone & granite in different sizes and thickness to domestic markets and foreign market.
2. To take complete projects with supplying, laying and polishing of marbles in hotels, temples, mosques, churches, commercial & residential complexes.
3. To take projects of carving work in marble and sandstone with material and laying, fixing of articles in site.
4. To manufacture any kind of stone articles with intricate carving and inlay work as per buyers design and specifications.
5. Company owns many quarry of marble and sandstone we are mining two special color, one is Blue Diamond which is blue in color and only quarry in India. And in international market it is known as Azul Macuba. Second quarry is producing light green color marble which is unique and only quarry in India and internationally it is named as Bamboo Green.

Secondary activities

We have successfully completed the part order of supplying Makrana 1st quality white marble slabs, tiles and blocks to the works departments of Abu Dhabi for the construction of one of the most prestigious project of the world named Sheikh Zayed Bin Sultan Al Nayan Mosque.

Scope of the work

1. Our company is very much capable and competent of doing inlay work with the help of highly skilled and qualified artisan and also with the high standard quality controlling team.
2. Statues, Fire places, Fountains, Pedestal, Garden Furniture, Planters, Pillars, Grills, Railings, Temples for homes, Gold Painting in marble, Sandstone article, Gift items, Wall plates, Dining Tables, Sofa sets, Carved Ceilings, Stair cases, Inlay Table Tops, Center Tables, Inlay Borders, Wall Panels, Clocks etc.

Latest Addition

The company would be starting the Computerized Pneumatic Control Machine (CNC) shortly. Company has recently started Sourcing Vietnam's White and maintains a huge stock of slabs and blocks.

FIRE SURROUND

1

2

3

A fireplace is an additional element consisting of a space designed to contain a fire, generally for heating. The space above the fire is enclosed, is called a hood or flue, a chimney or other fire above you and particulates exhaust to escape the building. While most fireplaces are constructed in building interiors, sometimes outdoor fireplaces are created for serving warmth, outdoor cooking or decorative purposes.

INLAY

Inlay is a decorative technique of inserting pieces of colored materials into depressions in a base that is then polished to glass. Inlays commonly are used on wood, but other materials like shells and metals may also be used.

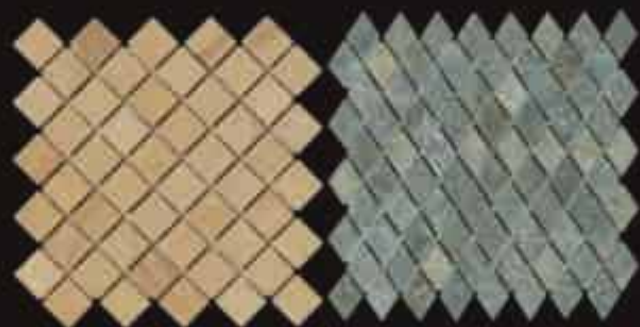

Inlay is commonly used in production of decorative furniture, where pieces of colored wood or metal are inserted into the wood. Carved inlays are frequently used as decorative and markings on musical instruments, particularly the smaller strings.
